

ASL CONSULTING

LEGAL Office Accounting & Management Specialists

Does your firm use antiquated and /or difficult to use accounting and management software?

Is your firm considering changing its accounting and management software?

Does your accountant/bookkeeper have a sound grasp of LEAP Accounting & MYOB?

Do you want an independent review of your set-up of Leap Accounting and MYOB to ensure that it is correct and up to date? This review is free, will take about 1 hour and will result in a 2 page report listing all of the review points and the issues identified.

The Principals of ASL Consulting are LEAP Accounting and MYOB Certified Consultants and Professional Partners. Both are qualified accountants and have extensive experience in legal office accounting and management systems.

Our areas of expertise include:

- Training your accounts people in the effective use of Leap Accounting and MYOB
- Setup MYOB and tailor it to your needs
- Troubleshooting any aspect of your accounting systems
- Management reporting
- Key Performance Indicators
- Conversion to Leap Accounting and MYOB from other practice management systems
